ORDINANCES –THIRD READING

3RD READING OF ORDINANCE #2008-44
An Ordinance Repealing and Replacing Sections 226.03 (a) of Chapter 226 (Mayor); 228.03 (a) of Chapter 228 (City Clerk); 230.03 (a) of Chapter 230 (City Treasurer) of the Codified Ordinances of the City of Freeport, Illinois Regarding Compensation

The first reading of this ordinance was held on June 16, 2008. A motion to approve was given by Alderman Endress, seconded by Alderman Klemm. The second reading was held on July 7, 2008. On July 21, 2008 during the third reading, it was motioned and approved to have it laid over to tonight’s meeting.

Alderman Corbin made motion to “divide the question, by specifically to divide the motion on the floor to three motions, first to approve the amendment to Section 226.03 regarding the mayor’s compensation, second to approve the amendment to Section 228.03 regarding the city clerk’s compensation and third to approve the amendment to Section 230.03 regarding the city treasurer’s compensation. This motion was seconded by Alderwoman O’Neill. A roll call vote was taken. Voting aye were Boldt, Bush, DeVine, Helms, O’Neill, and Corbin. Voting nay were Klemm and Endress. Motion passed 6-2 to divide the question.

Section 226.03 (a) of Chapter 226 regarding compensation for the Mayor: Prior to voting on this question, discussion was held regarding the dates that the mayor’s salary must be voted on by council for the salary to be effective for the upcoming 2009 election. Corporation Counsel Sarah Griffin stated that the salary for elected officials must be fixed at least 180 days before the beginning of the term of office. There are a few variables as to when the term of office begins, such as when the County Clerk’s office gets the official election results to the City and whether the City Council calls a special meeting once the results are received. May 4, 2009 is the first regular meeting after when it is anticipated we will receive the election results, so that is the presumptive beginning of the term. The election date is April 7, 2009,
and the official results can not be canvassed until the military and other absentee counts are in, this will not be in time for the second meeting in April. Therefore, the presumption is that the term of office will begin at the May 4, 2009 regular City Council meeting, absent a special meeting being called. Because of the unknown variable, Corporation Counsel Sarah Griffin stated that the safest date to set the salary is by October 20, 2008, this would take into consideration the April election date, the 14 day period of time for military and absentee votes to come in prior to canvassing the election, and the possibility of a special City Council meeting for the swearing in of elected officials. Alderman Klemm stated that his vote for the salaries is to keep the salaries competitive for the positions. Alderman Corbin stated his vote was based on inflation and from a market value of a salary of the City that is losing population in 2008. Alderman Helms asked about the timing of the mayor’s salary due to the referendum of the City Manager if on the ballot for November 4. Corporation Counsel Sarah Griffin stated she counted back from April 23, 2009 since that is the date the mayor’s term could become effective.

Alderman Boldt motioned to amend the calculations of the mayor’s salary from 3% to a 1% increase. This motion was seconded by Alderman Helms. On a roll call vote of ayes and nays, Alderman Boldt, Bush, DeVine, Helms, and Corbin (5). Voting nay were Alderman Endress, O’Neill, and Klemm (3). Motion passed 5-3 to amend the salary of the mayor to an increase of 1%. On a roll call vote of the approval of the Ordinance for Mayor’s salary as amended, Alderman Boldt, Bush, DeVine, Helms and Corbin voted aye (5). Voting nay were Alderman Endress, O’Neill, and Klemm (3). This question on the ordinance was approved 5-3.

In the budget this year there is a line item for a used plow truck for the Airport. After some research into locating a used plow truck and consulting the Finance Department it was determined that bidding a new truck for the Street Department use and then giving the existing plow truck to the airport would be in the overall best interest of the City. The 10-yard truck currently at the Street Department is a 2004 International that we know has a good maintenance record. Director LeBaron recommends the bid from Hawkeye Truck and Trailer for one International 7400 with Monroe Truck Equipment be approved in the amount of $111,486.79.
